

Dear Future Third Grade Parents,

The Third Grade teachers have decided to send home this letter to inform you of the items we expect to need next year when your child arrives in his/her Third Grade Classroom. Hopefully this will be helpful as you prepare for the start of school next year. We don't expect a lot to change, but due to availability some may.

*******TBP---To Be Purchased at Open House from the school.*******

This is a general supply list for all third grade classes. Some teachers may require one or two additional items specifically needed for their class. You will be informed of this at Open House.

Also, we are looking into several "In-house" learning opportunities. Having the educational experiences come to us cuts down on the cost and the headache of having to arrange bus transportation and gas money.
